

YMCA Strong Kids Campaign

Children are our most valuable asset. The YMCA believes that every child, regardless of their family's financial situation, deserves the opportunity to experience YMCA programs and services. The transition from childhood to adulthood gets more stressful with each passing day, but at the YMCA we teach positive character traits and offer support and guidance whether they spend every day with us or just a few weeks each summer.

Please help us give them that opportunity.

Challenges Facing Society

In 2010, the North Penn YMCA, like local businesses and individuals, continues tackling the challenges of a difficult economy which impact all areas of life, especially for those who were already financially challenged. We are faced with making difficult choices about the programs and services we can continue to offer.

However, as a charitable organization, we must continue to meet the needs of our community, especially those directly affected by this economy through loss of job or continuing monetary difficulties. The children of our community are most at risk.

We ask the community to help us to continue to offer financial assistance to those in need. Even a few dollars will help a child attend daycare or nursery school, and for just a few dollars more, summer camp.

We Build Strong Kids

The North Penn YMCA encourages children to grow and learn in a supervised and safe environment. However, when some children are left out, especially due to financial constraints, all of us are a little bit poorer.

Through our YMCA programs we strive to enrich the lives of children with a large variety of programs that emphasize physical and mental well-being, along with a positive attitude and good sportsmanship. We encourage the important character values of caring, honesty, respect and responsibility.

One cannot put a price on strengthening and enriching the life of a child. At the North Penn YMCA, this is at the heart of all we do.

We Build Strong Families

One of our goals is to strengthen the bond between parent and child by offering a safe, comfortable and fun environment in which to play and grow together. We provide a variety of programs like our YMCA Adventure Guides, HIP Kids, Family Swim Nights and our Family Wellness Centers that offer many opportunities for families to spend quality time together.

We Build Strong Communities

Look to the North Penn YMCA to be at the heart of the community offering regular programs each week for youth, teens, adults, seniors and families to play and learn in a safe, fun environment. We offer opportunities for fellowship for members and non-members alike as we connect with people from all areas of the community.

Together we form a bond that is based upon improving health and fitness, building self-esteem, recognizing the problems that exist in our community and the larger society. Seeking solutions to those challenges is our primary focus and mission.

Our Mission

Our mission is to make the community we serve a better place to live. Through our programs and activities, we strive to enrich and strengthen families; provide wholesome, supervised recreation; offer positive learning, leadership and character development opportunities, and promote wellness for all people regardless of ability to pay.

You Make the Difference

Everyone in our community is welcome at the North Penn YMCA where we come together to build a healthy mind, spirit and body.
