

INDIAN VALLEY YMCA STAY & PLAY

ILLNESS POLICY

WE ARE A WELL-CARE FACILITY

- If your child is not feeling well we ask that you keep them home.
- In the event that your child becomes ill while in our care, we will ask you to leave your activity and pick up your child.
- If your child has a fever with a temperature above 101 degrees, has behavior changes or other signs of illness including: diarrhea, vomiting, stomachache, rash, colored mucous, sore throat, and weeping sores, **we ask that you keep your child home for 24 hours before returning to our room.**
- If your child is taking antibiotics they should remain home for 24 hours before returning to our room.
- Please notify the Babysitting Coordinator immediately if your child has been exposed to any communicable diseases, for example: strep throat, flu, pink eye, chicken pox, measles, etc. The staff will need to inform other parents so they may take preventative measures.

Thank you for adhering to our illness policy; it helps to keep our room as healthy as possible.
