

# REACHING OUR POTENTIAL

"The YMCA has been my second home for the past five years. The Y has done so much to help my family when my husband became disabled. I started taking group exercise classes to help balance myself while dealing with my husband, who was in declining health, and our two young children. The Y gave me the opportunity to work with them, giving me the flexibility I needed. We were so thankful that the Y was able to help our family when we were struggling financially.

"Your donations will go to support families similar to mine. Families that are struggling financially. All money raised will go directly back to the community, providing scholarships for families in need. The YMCA is a place for families to come together and forget about their worries, even for a short time." - Dawne W.
