Dear John,

Peter Prescott
Co-Chair
Annual Campaign

The last two years have continued to demonstrate the strength of our community. As the world feels unpredictable, at the Y we've learned there are a few things we can count on:

- The North Penn community is packed with people who want to help their neighbors.
- Sometimes, an action as small as a phone call to a senior, or reading to children in a classroom, means so much more beyond that moment.
- The pandemic has certainly brought challenges to our doorstep, but it's also highlighted the resilient power of our community.

Larry Butts
Co-Chair
Community Leaders Breakfast

For more than two years now, the Y has stepped up in our neighborhoods and outside our walls, identifying essential needs and providing real-time solutions. We've distributed thousands of free meals, provided program solutions addressing senior isolation, and provided affordable child care to families who must continue to work. Every step, you've joined our mission ensuring no family, child or adult is turned away from the Y due to an inability to pay, even during a pandemic.

Despite the hardships faced by each of us and the Y as a whole, our community support has never wavered. In 2021, donors enabled the Y to gift nearly \$295,000 in financial assistance and subsidy.

Director of Development
Annual Campaign Director

Our community needs the Y - and in turn, we need your help to sustain the Y's essential services. If you have already made a gift supporting the Y this year, we thank you. If you have not yet had the chance, would you consider a \$25, \$50, or even a \$250 gift, helping the Y continue strengthening our community during our Annual Campaign? You can donate by making a gift with the enclosed envelope, visiting our website at NorthPennYMCA.org/Donate.

"I have been a recipient of generous financial assistance towards an adult membership this past year. I am unemployed and have had some health challenges this year. Being able to swim at the YMCA has been a wonderful help and blessing."

Though we're unsure what the rest of 2022 may hold, we know we're capable of thriving together. Thank you for helping us find Strength in Community each day at the Y.
