ESPORTS AND GAMING CENTER

The Esports and Gaming Center is for individuals age 7 and older. Younger gamers are welcome with adult supervision.

Our center is designed to create a comfortable social gaming experience for every type of gamer. Enjoy popular games and top of the line gaming systems that are designed to create an inclusive gaming experience!

Get the competition started by enrolling your middle or high school student in an engaging Esport league. All levels of experience are welcome with many games to chose from including Super Smash Bros, Rocket League and Fortnite.

Esports is a competitive sport through video game that requires the use of strategy, collaboration and problem solving skills to achieve individual and team success. It's bigger than 'just gaming' – Esports allows teens and young adults to be engaged in a non-traditional sports program while still building their social and emotional connections with others.

VIRTUAL SPORTS AND GOLF SIMULATOR SUITES

Our virtual sports and golf simulators are for individuals age 18 and older. Younger players are welcome with adult supervision.

Come enjoy our brand new virtual simulator suites with access to virtual sports including golf, soccer, hockey, bowling and family fun games! Each suite is also equipped with a practice putting green, Nintendo switch consoles, and smart TVs. All experience levels are welcome in our simulator rooms.

Our TruGolf virtual sport simulators feature state of the art technology including E6 Connect golf software and access to over 100 of the best courses in the country (including Pebble Beach and Oakmont)!
